What is

CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ANCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach."

CAROL MARTIN, D. D., New York City.

Castoria cures Colic, Constipation, Sour Stomach, Diarrhea, Eructation, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results."

Bob Harper Swung Up at Bowling Green.

The Assailant of Miss Anderson at Last Identified and is Now a Very Dead Man.

Special to the Leaf-Chronicle.

BOWLING GREEN, KY., Dec. 28.—While the trial of Bob Harper, the assailant of Miss Anderson, was in progress at the court-house here today a body of indignant citizens took the prisoner from the officers and the court.

They hustled him out of the court-house at double quick speed and started with him to the Warren county fair grounds. A thousand citizens followed and when the grounds were reached Harper was given an opportunity to make a statement. This is what he said:

"I have tried every way in the world to prove my innocence and am not guilty; I will die with this on my lips; I have never done anybody any harm; I am innocent."

When he had made this statement he was told that he might pray, but he declined. A rope was put around his neck and he was swung to a limb of a tree. No shots were fired and the mob quietly dispersed, leaving the dead body hanging on the tree.

The particulars of the crime for which Harper was hung have already been published in the papers. There had been some hitch in the identification, but this morning a committee of citizens went to the Anderson house and there heard enough to make them sure that Harper was the guilty party. The mob at once began to organize after this and the hanging followed as stated above.

The mob made no attempt at concealment and was led by several well-known citizens.

The Rev. Wm. Stout, Wartons, Ont., states: After being ineffectually treated by seventeen different doctors for Scrofula and blood disease, I was cured by Burdock Blood Bitters. Write him for proof. For sale by Tudhope Drug Co.

KRUPP'S GIANT.

One of the Big Things to Be Seen at the World's Fair.

BALTIMORE, Dec. 28.—The Maryland Steel company's enormous shear legs at the marine works at Sparrows Point are nearly ready to receive Krupp's 124-ton gun, to be exhibited at the world's fair. The hydraulic mechanism by which the shears will be worked is completed. New trestle work has been erected under the bridge of the Baltimore and Sparrows Point railroad across Bear creek, to give the structure greater strength for supporting the weight of the gun.

It is said the gun will cost nearly \$500,000. Its length, eighty-seven feet, is nearly twice that of the largest gun owned in this country, which is forty-five feet long.

It is said that if fired on the lake front at Chicago the concussion would be so great that it would shatter nearly all the window glass in Chicago. The gun will carry a ball fifteen or sixteen miles. The gun and the several pieces of smaller ordnance and armor plate to comprise the Krupp exhibit will probably be brought over next month. The special cars being constructed by the Pennsylvania Railroad company to carry the exhibit to Chicago will be finished and delivered at Sparrows Point in a couple of weeks.

The cars will be the largest ever built and almost entirely of iron. One of them will be placed on thirty-two unusually large and strong wheels. This will be used for transporting the 124-ton gun.

AMERICAN FARMERS

Becoming Wealthy Growing Oranges. Other Mexican News.

WASHINGTON, Dec. 28.—Among interesting Mexican items received by the Latin-American bureau are the following:

The American Steamship company, of Philadelphia, has decided to increase its capital from \$100,000 to \$250,000 and place three new ships upon its line. Under its present schedule the company has two steamers on its line to Progreso, Tampico, Tuxpan and Vera Cruz, making the trip in forty-three days, stopping both ways at Havana. It is proposed to place the three new steamers direct to Mexican ports and use the present vessels in Havana trade only.

There is a large colony of American farmers in the vicinity of Monterrey, in the state of Nuevo Leon, Mexico, and along the line of the Monterey and Mexican Gulf railway engaged in the profitable culture of oranges and other fruits. Large shipments of Mexican oranges and lemons are being made to the United States.

For Buris, Fatus, bruises and all pain and soreness of the flesh, the grand household remedy is Dr. Thomas' Electric Oil. Be sure you get the genuine. Sold by Tudhope Drug Co.

SKATING ON THE ICE.

How Some of the Boys and Girls Are Having Much Sport.

The frozen ponds are furnishing the younger people of Clarksville much sport now, and especially is this true of the Stewart pond on Second street. This is one of the finest ponds about Clarksville, and the ice on it now is about two inches thick and it is as smooth as French plate glass. All day yesterday this pond was covered with skaters, among whom were some of the best young people of the city. The sport is very fine, and so much are they in love with it that the only thing that stopped them last night was the putting out of the electric lights at midnight. The light at the intersection of Second street and West avenue gives all the light necessary to the skaters, but the trouble about it is, that it don't burn all night. Half the fun in skating seems to an outsider to consist in picking one's self up from the ice occasionally. This makes very little change in a skater's business, however, and before seven o'clock this morning the pond began to show signs of life, in the persons of some boys who could not wait for breakfast before tackling the sport.

A SERIOUS CHARGE.

A Father Charged With Killing His Daughter.

The Crime, It Is Alleged, Was Committed In An Attempt to Shield Himself.

Special to the Leaf-Chronicle.

RUSSELLVILLE, KY., Dec. 28.—The little village of Hartford, near here, is very much excited over a warrant being issued for the arrest of P. M. Milligan, charged with killing his stepdaughter, Laura Williams, a girl not yet past her teens.

It is charged that he had been intimate with her for several months, or since the death of his wife. About two months ago he left his home and came to Russellville, where he remained about a month. Soon after he returned home the girl died.

An autopsy was held on the body and this revealed the fact that her death had been brought about by her father producing an abortion on her to shield his crime. After this examination a warrant was issued for Milligan's arrest, but it has not yet been served.

FIENDISH CRUELTY.

A Drunken Brute Fatally Stabs His Wife with a Hat Pin.

NEW YORK, Dec. 28.—Edward Furey, a tinsmith of 2040 First avenue, came home after a spree Tuesday morning and beat and kicked his wife into insensibility.

Believing that his wife was feigning, Furey went to a cushion and securing a long hat pin he returned to his prostrate victim and thrust the pin through the poor woman's side. Their daughter, who was covering in the corner unable to bear the sight, shrieked for help and a policeman answered the summons. The drunken brute still held the bloody pin in his hand, but he was overpowered and locked up. Mrs. Furey was taken to the Presbyterian hospital where the physician stated that the pin thrust would prove fatal. Mrs. Furey is a puny little woman, and was assaulted by her husband because she refused to give him money for liquor.

FOUR MILLION FLORINS

Found a Resting Place in the Pockets of Dishonest Officials.

BUDA PEST, Dec. 28.—The fact has just been made public that during the Trefort ministry 4,000,000 florins were embezzled in the department of education and public instruction. Count Czaky, incumbent of the ministry in question, both in the Szapary cabinet and in the present Wekerle cabinet, has been known of the embezzlement for some time, but made no mention of it. No information is ascertainable as to the mode of the fraud or the identity of the dishonest official.

THE NIHILISTS

Are Again Making Life Miserable for the Czar.

Numerous Arrests Have Been Made at Kieff.

Nine Russian Officers Among the Imprisoned—The Conspiracy Involves Many People in High Life—The Disaffection Started Years Ago and Has Been on the Increase Ever Since.

ST. PETERSBURG, Dec. 28.—Numerous arrests continue to be made at Kieff of persons suspected of nihilism. Nine more officers are among those imprisoned, either under suspicion of direct charges of connection with a conspiracy against the czar. The Russian authorities believe that they have unearthed a widespread plot in which a number not only of the lower officials, but also those of higher rank are involved, and several officers having positions of trust and confidence near the person of the czar have been put under surveillance, although not under arrest, being given leave of absence from duty until the suspicious resting upon them are verified or disproved. The extent of the plot is not yet known, although it is not certain that the motives of the plotters are nihilistic.

There is much discontent in the army with the prolonged period of peace and many of the officers think the czar is too pacific in his disposition. There is no longer an outlet for these warlike spirits in subduing the tribes of central Asia, all these having been brought to times the cost, in a case of emergency, for croup, coughs and lagrippe. Sold by Owen & Moore.

It is no secret that there was bitter disappointment in military circles seven years ago when the czar had to bring his autocratic authority to bear to prevent his generals from plunging into a war with Great Britain and Afghanistan, and the dissatisfaction then started among the officers has been increasing ever since.

For these and other reasons the authorities at St. Petersburg are greatly apprehensive as to the extent of the conspiracy developed at Kieff, and much excitement prevails both in official circles and among the public.

Meantime the persecution of the Jews goes on more earnestly than ever, the leading official persecutor being the Grand Duke Sergius, brother of the czar and husband of Queen Victoria's granddaughter, Elizabeth. As governor of Moscow he seems determined to turn every Jew out of the city.

The Jewish population of Moscow has already been reduced from about 80,000, when Sergius became governor, to about 30,000 and the number continues to decrease under the added rigor of penal laws and the intolerable severity of their enforcement.

By a new law, which has recently been put in force, only ten out of a hundred Jewish lawyers in Moscow and St. Petersburg are allowed to practice while in Warsaw and Russian Poland this liberty is wholly denied. The Moscow university shuts its doors against Jews and it will not be long before the conservative does the same.

The severe treatment of the Jews is having a ruinous effect upon real estate and other interests, at least 30,000 lodgings being empty in Moscow. The most pitiful scenes are witnessed among the crowds of Jews at the railway stations, men and women, old and young, crying and praying in the cold. Their sufferings are viewed with utter indifference by the Russian authorities and any non-Jewish residents who display kindness towards them risk being put under suspicion.

The soldiers detailed to assist the police in guarding Jews treat them with the greatest brutality, and frequently prick the unfortunate with bayonets if they attempt to leave the stations in which they are penned. The officers do not like the work of guarding Jews, which they look upon as beneath their dignity, and this also is a cause of some discontent among the military.

CLOUDS OF DANGER

Disappear, and Chili Will Have No Trouble with Argentina.

VALPARAISO, Dec. 28.—Blanchi Tupper has assumed entire responsibility for the pamphlet charging bribery in Argentina, and all danger of serious trouble between this country and Chili has disappeared. News comes from Baga, Brazil, that a regiment of artillery has started a revolution. A correspondent at the Brazilian frontier telegraphs that a company of Caestibistas crossed the frontier at Rivera and killed a number of the frontier guards. The invaders were pursued by a detachment of Uruguayan cavalry and several of them were killed. The invasion has caused great excitement in the Uruguayan army. The soldiers threaten to invade Rio Grande do Sul.

CARRIED OFF.

United States Marshals Captured by Moonshiners.

MONTGOMERY, Ala., Dec. 28.—Deputy United States Marshals Gibson and Jay captured a large illicit still in Randolph county, and while guarding it, awaiting the arrival of a deputy collector, were attacked by a party of twenty-five armed men, who overpowered them and recovered the still. Several shots were fired, but no one was hurt. Deputy Collector Thompson has started in pursuit of the distillers. Collector Mosley has telegraphed to Commissioner Mason for authority to organize a force to follow and capture the participants in the affair, as well as to capture several other stills which have been located in that county.

Harmonists' Leader Dead.

PITTSBURGH, Dec. 28.—The body of Father Henri, the dead leader of the Harmonists, was laid out in the "great house" at Economy, Monday, and was viewed by many hundreds. The remains were interred Tuesday afternoon in the Economites' cemetery with a simple service. John Duss, the junior trustee, is in charge of the society and will be elected successor to Father Henri at a meeting of the board of elders some day this week.

HE WILL CONTEST.

Populite Thrasher Wants Congressman Enloe's Seat.

He Serves Notice of a Contest on the Congressman From the Eighth District.

Congressman B. A. Enloe, of the Eighth district, has received notice that P. H. Thrasher, his late Populist opponent, would contest the election. The grounds of the contest are as follows:

"First it is claimed that Enloe did not receive a majority of the votes cast and returned for representative in Congress. Second, that Thrasher received enough votes that were not counted for him when added to the number of votes certified for him to give him a majority. The charges cover the wards of Jackson, asserting that the election in that city was illegal and holds that said votes should not be counted because the election was held under the provisions of the Dorch law. Certain districts are mentioned in the counties of Decatur, Perry and Henderson where votes were cast but because the ballots did not come up to the dimensions as prescribed by the State law, Thrasher claims he was duly elected to the Fifty third Congress, and asks that body to seat him as the representative from the Eighth Congressional District of Tennessee."

Hon. Henry W. McCorty, chairman of the State campaign committee, will take charge of Mr. Enloe's fight, and says he will unearth the frauds of Thrasher perpetrated in Carroll and Henderson counties, and refute the charges of Thrasher that Enloe's election was due to frauds in Perry, Decatur, Henderson and Madison counties. He will use his correspondence received from each civil district in the Eighth Congressional District to expose Thrasher.

To the Public.

On and after January 1, 1893, and until further notice, all charges on freight in both car loads and less than car loads must be paid before goods can be moved from the depot yard. This by order of the General Freight Department. C. W. TOLLIVER, Agent. Clarksville, Tenn., Dec. 28.

POLITICAL POINTERS.

Senator Slaughter Writes a Letter to Memphis Commercial.

He Enumerates a Few of the Measures That Will Claim His Parental Attention.

The Memphis Commercial addressed letters to the Senators elect some time ago with a view to finding out what bills would be introduced by them at the forthcoming session. One of these letters was directed to Senator Slaughter, of this county, who replied to it as follows: "I cannot now say what bills I shall seek to introduce, but as per your request I will name a few things (as I can at present think of them) that should be attended to."

"The penitentiary question is the most important, and should be fully and satisfactorily settled. Small thefts, and such like offenses, should be settled by magistrate courts and punished with fine and imprisonment in the workhouse, thereby greatly reducing the number of penitentiary convicts. About one half or two-thirds of the coal oil inspection fee should be paid in the State treasury for the interest of schools, or other purposes.

"All official fees and salaries in excess of a fair remuneration for services performed should be properly reduced.

"Needed changes in assessment laws.

"The only way to improve our public road system will be to have them let out and kept in order by contract. The old, or present system, of having nobody responsible, will never keep our public roads in good order.

"Ten-twelfths of a jury should decide all criminal cases, and eight-twelfths or two-thirds all civil cases.

"No armed bodies of men, such as Pinkerton's detectives, should be allowed to enter the State as they did in Pennsylvania.

"Some just changes are needed in election laws. The election of President of the United States, senators, secretary, treasurer and comptroller of the State should be by a direct vote of the people.

"All laws against bribery and corruption on election days should be more stringent, and candidates who, in any manner, authorize the purchase of votes in their favor, should not be allowed to hold office.

"There are other things necessary, but not remembered at present."

Some weeks ago the LEAF-CHRONICLE proposed having the oath of office administered to Judge Turney at his home in the event that he is unable to come to Nashville. On this subject the Banner says:

"It seems positive that Judge Turney will take the oath of office as Governor quietly at home, and it is probable that for a time thereafter he will be compelled to remain undisturbed. In view of this, considerable discussion is being indulged in as to how the labor of preparing a message, laying out the policy of the administration and the signing of bills will be attended to. This is too laborious a work to be thrust upon a man who has suffered as Judge Turney has without making serious results possible, and yet it is manifest that none but the Governor can attend to it."

A Card to the Public.

On next Monday morning I will begin business in Clarksville as a member of the firm of Heggie & Brunson, meat dealers, three doors above Klennan, and I take the present opportunity of thanking my friends and patrons for the generous patronage in the past, and of soliciting for the new firm a continuance of the same. We will keep on hand at all times good meats of every description sold on this market, and we promise our customers our best endeavor in catering to their wants. Respectfully, L. A. HEGGIE, de28d&w,tf.

The Best Things In Cookery

Are always made with the ROYAL BAKING POWDER. It imparts that peculiar lightness, sweetness and flavor noticed in the finest rolls, biscuit, cake, etc., and which the most expert pastry cooks declare is unobtainable by the use of any other raising agent.
